School overview

Rochedale State School is a co-educational school situated on the south-eastern outskirts of Brisbane, nestled in semi-rural surroundings, fifteen minutes from the city centre. Servicing the needs of students from the local area and surrounding suburbs, our school has a current enrolment of approximately 1015 students.

Rochedale State School has established an outstanding reputation as a leader in the education of students within the local community. Our mission is to ensure that Rochedale State School, as part of the global community, is committed to developing active, compassionate and lifelong learners. Central to the philosophy of our school is the development of inquiring, knowledgeable and caring young citizens who respect their own and other cultures.

The commitment of the Rochedale State School community to this philosophy saw our school become an accredited member of the prestigious International Baccalaureate Organization's Primary Years Program in 2010. Rochedale is the first state primary school in Queensland to offer this program. This program has helped further develop and reinforce the positive school environment we have cultivated.

At Rochedale State School the focus is on each child as an individual. We value an inquiry-based curriculum which reflects real life experiences within meaningful contexts. Through these contexts, combined with our school's values and community partnerships, students develop the attributes and skills of a life-long learner. Furthermore, the progress of each student in the areas of Reading and Writing, is not only monitored by each class teacher every term, but also reviewed by our Principal. Not only does this provide important feedback to students and parents, it also assists teachers to develop teaching programs to suit the needs of every student.

A whole school approach to improving reading and comprehension skills has contributed to the excellent results achieved by our students. With the mantra, 'Every child, every night, reads', Rochedale has highlighted the importance of reading, and motivated the students to fulfil the aim of our motto. The introduction of our own superhero – Captain Readit – has enthused our younger students into becoming avid readers. Such is the value placed on reading, every child, in conjunction with their teacher, has a personal reading goal which he/she has decided upon and is reviewed regularly.

At Rochedale, we take a holistic approach to the education of our students, with the academic, sporting and cultural facets of education all being a focus. To this end, our students participate in a variety of academic activities, competing in external academic competitions. Our Team Teacher model supports children who need more time to develop in a particular area and also challenges our students who require extension. Our school goal is to have at least half of each year level cohort achieving in the Upper Two Bands as indicated by NAPLAN data.

Rochedale State School has both a Junior and Senior band which have been successful in achieving awards and accolades for their performances. Our growing 'Strings' program, as well as Junior and Senior choirs, reflect the value placed on the Creative Arts. Our Creative Arts area is growing rapidly and this year we staged our first school musical – an original script created by our staff in conjunction with students. Sporting opportunities are also fundamental to our school's curriculum. With impressive facilities such as three oval areas backed by bushland, a swimming pool, cricket practice nets, floodlit tennis and netball courts, a dedicated gymnasium, basketball court, softball diamond and adventure playgrounds, the needs of our students are well catered for. In addition, students compete in a range of interschool sports throughout the year.

At Rochedale we pride ourselves on the close community ties we have developed. An extremely supportive parent body and P & C Association have seen our fully air-conditioned school modernised and the learning environment of our students truly enhanced. Our open-door policy has seen Rochedale State School develop close ties with the broader community.

With our focus on the whole child and the development of each individual in all areas of the curriculum to foster a life-long, internationally minded learner, we proudly hold on to our school motto, 'Always Our Best'.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website. Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the Department's Parent and Community Engagement Framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Long suspensions – 11 to 20 days	0	0	2
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	403,941	378,611	414,117
Water (kL)	5,081	4,342	3,809

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

School funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the [My School](#) website.

How to access our income details

1. Click on the *My School* link <http://www.myschool.edu.au/>.
2. Enter the school name or suburb of the school you wish to search.

The screenshot shows a search interface with a search bar containing the text "Search by school name or suburb". To the right of the search bar are three dropdown menus labeled "School sector", "School type", and "State". A magnifying glass icon is located to the right of the "State" dropdown.

3. Click on 'View School Profile' of the appropriate school to access the school's profile.

4. Click on 'Finances' and select the appropriate year to view the school financial information.

Note:

If you are unable to access the internet, please contact the school for a hard copy of the school's financial information.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.
